DETAILED ACTION

Claims 20, 22-33, 35 and 37 are currently pending in the instant application.

I. *Response to Arguments*

Applicant's arguments, filed June 11, 2008, have overcome the rejection of claims 20, 22-33 and 37 as being unpatentable over Lefoulon, et al. (US Patent 6,143,789); the rejection of claim 35 under 35 USC 112, first paragraph for scope of enablement; the rejection of claim 35 under 35 USC 112, second paragraph as being indefinite for a broad limitation with a narrow limitation and the objection of claim 20 as containing non-elected subject matter. The above rejections and objection have been withdrawn.

The Examiner has maintained the rejection of claim 35 under 35 USC 112, second paragraph as being indefinite for the term "sleep disorders".

II. *Information Disclosure Statement*

The information disclosure statement (IDS) submitted on June 11, 2008 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

III. *Rejection(s)*

Claim Rejections - 35 USC § 112, 2nd paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 35 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, Applicants are claiming broad classes of diseases and have failed to define these broad classes in the specification so that one of ordinary skill in the art would know what diseases are embraced by the broad classes. The broad classes of diseases are "sleep disorders", "cardiovascular pathologies", "pathologies of the digestive system", "appetite disorders", "disorders associated with normal or pathological aging", "cerebral circulation disorders", "sexual dysfunctions" and "cancer". Therefore, the claim is indefinite.

IV. Conclusion

THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
